

Juggernaut.Case™ Bumpr Installation Instructions

1

Open the Bumpr by pushing the back plate out as shown

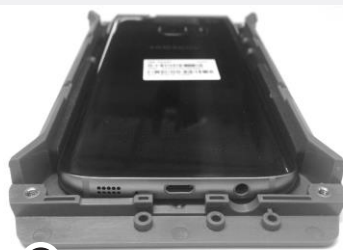

2

Place the front plate face down

3

Place one edge of the device down into the faceplate. As you do so take care not to peel the side foams off.

4

Place device fully into the faceplate. The device should lie flat and centered.

5

Insert the audio plug and USB plug if desired. Install pins into the holes as shown

6

Attach back plate by snapping onto front plate.

7

Check cables and/or plugs for correct alignment

8

Hand tighten 4 screws to finish installation
