

Juggernaut.Case™ Forearm Mount Installation & Removal

1 before putting on the mount, make sure the BOA Reel is released by pulling it out

2 slide forearm mount on making sure the release tab is away from the body

3 push the BOA Reel down then turn it clockwise to tighten the mount to the arm

4 make sure the mount is firmly tightened and doesn't slide around

5 center the case on mount by aligning the locating rib with the groove

6 check that the rib on the opposite side of the case is centered and press to snap into place

7 check that both ribs went into the extended grooves

8 press tab to release case and remove mount by pulling the BOA Reel out
